**CLUB INFORMATION**

The Delaware Rifle and Pistol Club is a members-only club dedicated to the betterment of the shooting sports by:

- **Protecting and promoting the right of individuals to keep and bear arms.**
- **Encouraging organized rifle and pistol shooting by United States citizens and legal residents.**
- **Increasing knowledge of the lawful and safe handling and proper care of firearms.**
- **Promoting the proper use of firearms in marksmanship programs, hunting, and self-defense.**

Delaware Rifle & Pistol Club is an eight-position, fifty-foot indoor target range open to members twenty-four hours a day, seven days a week. The range is heated and ventilated. All .22 and .17 caliber rimfire ammunition is allowed. Centerfire pistol ammunition velocities must be below 1400 feet per second. Centerfire rifles are limited to those chambered for a pistol cartridge with a velocity not exceeding 1400 feet per second when fired from a rifle. Fully automatic firearms, muzzle loading or cartridge firearms using black powder or black powder substitutes, shotguns, shot cartridges, and BB guns are prohibited at the range.

**TO JOIN DELAWARE RIFLE AND PISTOL CLUB YOU MUST**

- Be 21 years old
- Be legally permitted to own/possess a handgun/firearm (per Federal Bureau of Alcohol, Tobacco, Firearms, and Explosives Form 4473) and be a citizen or permanent legal resident (hold a "Green Card") of the United States. Non-immigrant aliens are not eligible to become members.
- Be or become a member of the National Rifle Association (NRA)
- Complete the DRPC Pistol Training Course, **fee \$125.00.** You will be advised when the course is offered and directed when to attend.
- Attend a New Member Safety and Orientation Class and successfully complete a twenty round marksmanship qualification course in which we expect you to exhibit safe gun handling and place 16 out of 20 shots within a 15 inch circle (6 ring on a B8 target).

## **NEW MEMBER QUALIFICATION PROCESS**

The New Member Safety and Orientation Class focuses on general safety instruction, including safe gun handling practices, general firearm knowledge, marksmanship, and rules and procedures specific to the Delaware Rifle and Pistol Club.

- During the qualification procedure, potential new members will be closely observed and graded for their safe gun handling skills, as well as marksmanship. New members are required to place 16 out of 20 shots within an approximately 15” diameter circle.
- Safety performance will be graded using a points system. Students start with 100 points, and violations are counted as deductions. As an example: 10 points will be deducted for each violation of the 3 NRA safety rules -trigger finger, muzzle control, loaded gun on bench. 5 points will be deducted for other safety errors, such as –action not open, magazine in gun on bench. Other handling errors will be deducted at 3 points each, e.g.: fumbling, failure to use eye and ear protection, clearing the firearm. Required score for qualification is 80 points out of 100 total points.

## **Expectations of Prospective Members**

There are certain expectations that we have of prospective members when attending the DRPC Pistol Training Course and/or the New Member Safety and Orientation Class as outlined below.

1. You must show up on time. There is a great deal of information presented and discussed, and trying to make up for lost time means everyone either stays late or some potentially critical information gets missed.
2. You must have read the owner’s manual for your firearm prior to attending class. If you don’t have a manual, one can be obtained by contacting the manufacturer of your firearm. Many manuals are available for download on the manufacturer’s website. Manuals are usually free.
3. You must be familiar with your firearm prior to coming to class. That means that you should know where the safety and slide lock or cylinder release are located and how they operate. You must be able to safely load, unload, and make your firearm safe without fumbling. You must demonstrate good muzzle control (NRA Safety Rule #1) while performing these actions.
4. Come with a positive attitude toward learning or refreshing safe gun handling techniques. Experienced shooters and new shooters alike can benefit from a brush up on safe gun handling and shooting techniques.
5. We expect that you will handle your gun in a **reasonably** safe manner from the outset of the class. The purpose of the class is to improve your safe gun handling and raise your skill level. However, students that exhibit grossly unsafe behavior (“sweeping” the range with the muzzle of their gun, pointing it at any person, etc) even after repeated correction may be asked to leave without gaining membership.
