

Metallic Silhouettes

Description: Miniature metallic animals (rams, turkeys, hogs and chickens) are shot at and knocked down using .22 LR hand guns. Two categories, scoped and iron sights, participate. There are five animals at each of the four shooting stations. Competitors have 2 minutes following the “fire” command to shoot one shot at each of the five targets. A match consists of two passes through each station, for a total of 40 shots. A nominal fee (usually \$2.00 per round) is charged for participation in this event.

Date: Every Monday evening, throughout the year, except holidays and severely inclement weather. These weekly matches are open to the public. Annual tournament held for 16 weeks from December through March or early April (fees may be higher during tournament weeks, to cover cost of prizes awarded for the tournament winners).

Time: 7:00 pm

Activity Coordinator: Jim Bowman
